

Mouse monoclonal antibody to human NEL-like protein 1 [6A8]: IgG

Catalogue No.:	M-849-100
Description:	NEL-like protein 1 is a secreted protein that contains 6 epidermal growth factor (EGF)-like domains. The homotrimer may be involved in the control of cell growth and differentiation. NEL-like protein 1 is expressed in craniofacial anomalies.
Batch No.:	See product label
Unit size:	100 ug
Antigen:	Partial recombinant human NEL-like protein 1 (304-404) with a GST tag.
Clone:	6A8
Other Names:	Protein kinase C-binding protein NELL1; Nel-related protein 1; NELL1; NRP1
Accession:	NELL1_HUMAN
Produced in:	Mouse
Purity:	Protein G purified immunoglobulin
Applications:	This antibody is recommended for WB and sandwich ELISA. Biosensis recommends optimal dilutions/concentrations should be determined by the end user.
Specificity:	Specificity has been confirmed by WB and direct ELISA against the antigen.
Cross-reactivity:	Human. Other species have not been tested.
Form:	Lyophilised from PBS pH 7.2
Reconstitution:	Reconstitute in 100 uL of sterile water. Centrifuge to remove any insoluble material.
Storage:	After reconstitution keep aliquots at -20C for higher stability or at 2-8C with an appropriate antibacterial agent. Glycerol (1:1) may be added for additional stability. Avoid repetitive freeze/thaw cycles.
Expiry Date:	12 months after purchase

Western blot detection of NEL-like protein 1 expression in transfected 293T cell lysate. Lane 1: NEL-like protein 1 transfected 293T lysate. Lane 2: Non-transfected 293T lysate.
