

## Mouse monoclonal antibody to human NEL-like protein 1 [6A8]: IgG

<b>Catalogue No.:</b>	M-849-100
<b>Description:</b>	NEL-like protein 1 is a secreted protein that contains 6 epidermal growth factor (EGF)-like domains. The homotrimer may be involved in the control of cell growth and differentiation. HEL-like protein 1 is expressed in craniofacial anomalies.
<b>Batch No.:</b>	See product label
<b>Unit size:</b>	100 ug
<b>Antigen:</b>	Partial recombinant human NEL-like protein 1 (304-404) with a GST tag.
<b>Clone:</b>	6A8
<b>Other Names:</b>	Protein kinase C-binding protein NELL1; Nel-related protein 1; NELL1; NRP1
<b>Accession:</b>	NELL1_HUMAN
<b>Produced in:</b>	Mouse
<b>Purity:</b>	Protein G purified immunoglobulin
<b>Applications:</b>	This antibody is recommended for WB and sandwich ELISA. Biosensis recommends optimal dilutions/concentrations should be determined by the end user.
<b>Specificity:</b>	Specificity has been confirmed by WB and direct ELISA against the antigen.
<b>Cross-reactivity:</b>	Human. Other species have not been tested.
<b>Form:</b>	Lyophilised from PBS pH 7.2
<b>Reconstitution:</b>	Reconstitute in 100 uL of sterile water. Centrifuge to remove any insoluble material.
<b>Storage:</b>	After reconstitution keep aliquots at -20C for higher stability or at 2-8C with an appropriate antibacterial agent. Glycerol (1:1) may be added for additional stability. Avoid repetitive freeze/thaw cycles.
<b>Expiry Date:</b>	12 months after purchase

Western blot detection of NEL-like protein 1 expression in transfected 293T cell lysate. Lane 1: NEL-like protein 1 transfected 293T lysate. Lane 2: Non-transfected 293T lysate.
