

Mouse monoclonal antibody to human Brn-3C [5B8]: IgG

Catalogue No.: M-859-100

Batch No.: See product label

Unit size: 100 µg

Antigen: Partial recombinant human Brn-3C (100-191) with a GST tag.

Other Names: POU domain class 4 transcription factor 3, Brain-specific homeobox/POU domain protein 3C, GENE NAMES: POU4F3, BRN3C

Produced in: Mouse

Purity: Protein G purified immunoglobulin

Applications: This antibody is recommended for WB, immunofluorescence and sandwich ELISA. The recommended dilution for this antibody is 10 µg/ml for IHC. The optimal working dilution should be determined by the end user.

Specificity: Specificity has been confirmed by WB and direct ELISA against the antigen.

Cross-reactivity: Human. Other species have not been tested.

Form: Lyophilised mouse IgG from PBS, pH 7.2.

Reconstitution: Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material.

Storage: After reconstitution keep aliquots at -20°C for higher stability or at 4°C with an appropriate antibacterial agent. Glycerol (1:1) may be added for additional stability. Avoid repetitive freeze/thaw cycles.

Expiry Date: 12 months after purchase

Western blot detection of human Brn-3C in HeLa nuclear extract.
