

TrkA Antibodies

Get acquainted with our new TrkA antibodies!

Left: Detection of full-length TrkA in rat PC12 cell lysate ([M-1719-100](#)). **Right:** Analysis of TrkA expression on non-permeabilized human SHSY-5Y neuroblastoma cell line by Flow Cytometry ([M-1723-100](#)). Non-specific Control IgG, clone X63 ([M-1249-100](#)) was used as negative control under same conditions (black dashed). Flow cytometry data and results were generated using Orflo Moxiflow™ instrument and protocols.

Our mouse monoclonal TrkA receptor antibodies were generated against the intracellular ([M-1719-100](#)) and extracellular domain ([M-1723-100](#)).

Catalogue Number	M-1719-100	M-1723-100
Antibody Type	Mouse monoclonal	Mouse Monoclonal
Clone	BS292	BS470
Epitope	Intracellular	Extracellular
Species Reactivity	Human, mouse, rat	Human
Western Blotting	Yes	No
Flow Cytometry	No	Yes
Immunocytochemistry	Yes	Yes
